Search

Use this page to search for training events in the Learning Center by key word(s). Tips to remember when utilizing the Search function:

- Web-based training (WBT) is comprised of Courses and Classes. If you are looking for WBT, keep both the **Search Courses** and **Search Classes** boxes checked.
- Instructor-led training (ILT) sessions can be searched by **Start Date** and/or **End Date**.
- If your search returns too many results, try being more specific with your key words. Conversely, if you can't find what you want, try being less specific.
